Cloud Fleet Manager

Cloud Fleet Manager mobile apps

Our mobile applications – your data always at your fingertips

Up-to-date

Stay always up-to-date. No matter if you are in the office or on the move.
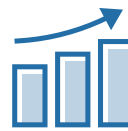

Flexible

Forgot something? No problem, take out your phone and get it done.

Integrated

Take advantage of the interaction of all apps integrated in Cloud Fleet Manager.
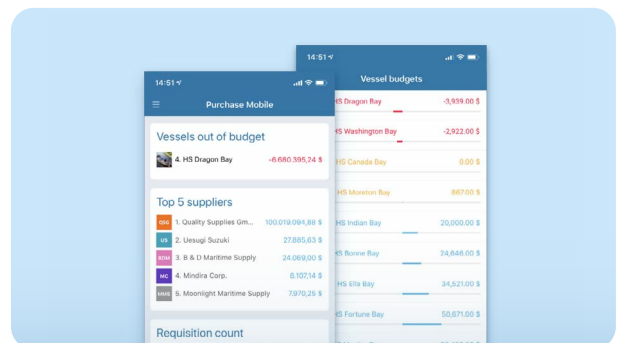

Increased productivity

Get more work done and always have the basis for well-informed decisions.

CFM Go

With CFM Go you are always aware of recent activities, can immediately gain insights into the statuses of your vessels, read news of the fleet, or access any other information from the Portal.

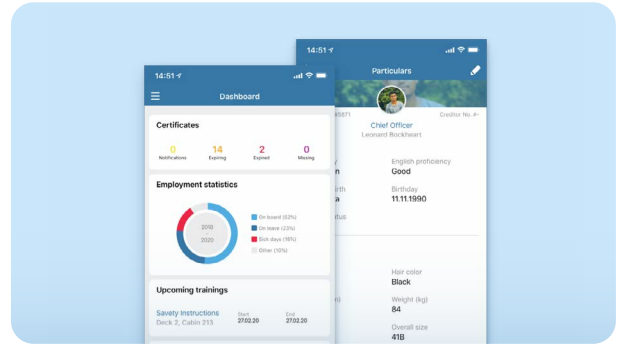

CFM Purchase Mobile

Purchase Mobile gives you the ability to quickly access the most relevant procurement information such as your OPEX and budgets and to grant approvals for requisitions and orders even on the go.
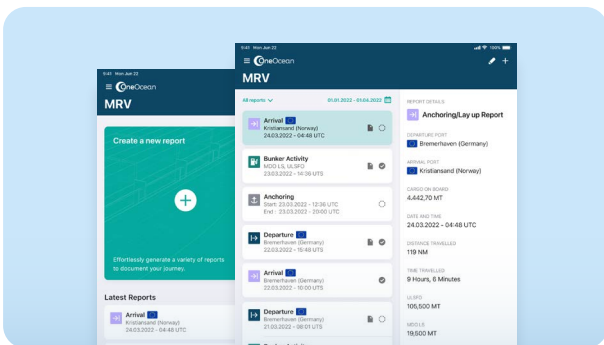

CFM Inspection Report

All you need for auditing fits right in your pocket - Inspection Report lets you conveniently conduct inspections using your mobile device. While auditing, simply add photos, videos, comments or voice notes to your report.

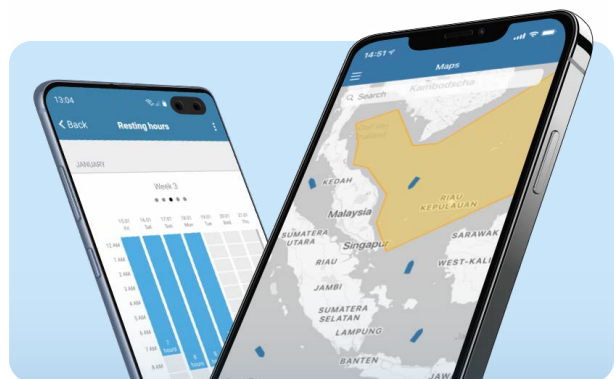

CFM Crew Portal Mobile

Crew Portal Mobile gives your crew the flexibility to manage and access their data regardless of location. They can simply log into the app, manage their data on the fly or access company news and shared data.

CFM MRV & IMO DCS Mobile

Gain direct access to emission data, swiftly navigate reports, identify incomplete entries, and stay updated on reporting gaps, all at your fingertips on your iPad.

Experience our mobile applications on a device of your choice.

About Hanseaticsoft

Hanseaticsoft was founded in 2009 by Alexander Buchmann. Buchmann and his team draw on several years of experience in the software department of a medium-sized shipping company in Hamburg, the third largest container harbour in Europe. In Hanseaticsoft, the idea of a new software concept was finally realised: giving enterprises access to new and efficient technologies by means of intuitive software solutions. Today Hanseaticsoft has more than 60 employees. It is now part of Lloyd's Register Group, one of the world's leading providers of professional services for engineering and technology – improving safety and increasing the performance of critical infrastructure for clients in over 75 countries worldwide.
